

Hexagon Public Safety Users Group Conference 2023

November 6-9, 2023

Hilton Dallas/Plano Granite Park, 5805 Granite Pkwy, Plano, TX 75024

Full Conference Details & Online Registration: <https://www.hpsug.org>

The Hexagon Public Safety Users' Group (HPSUG) Board is organizing our 7th annual conference in Plano, Texas (the greater Dallas area). Public Safety professionals from across North America will be gathering on November 6-9, 2023 to discuss current trends, issues of interest, best practices impacting the public safety industry, and all things Hexagon! Attendees come from a variety of public safety agencies who utilize Hexagon's CAD/RMS products or are considering their products. We offer several user-led sessions as well as training and informational sessions sponsored by Hexagon.

Our past conferences have been a huge success – in a large part due to our Great Sponsors!

To make this year's event a true success, we are seeking sponsors like your company, to partner with us. Supporting the HPSUG Conference offers your company several opportunities to expand and enhance your services in public safety across North America.

It is our pleasure to invite you as a sponsor. We have a few sponsorship levels available allowing you to select the level most appropriate for your business. Whether you choose the Title Sponsorship Level at \$5,000, which provides the maximum exposure for your company; the Featured Sponsorship Level at \$2,500, which offers optimum exposure and value-packed benefits; or the Sponsor Level at \$1,500; your support is sure to have a positive impact on our participants and your business. I've attached a summary of the sponsorship benefits for your review.

If we can assist you with your decision by answering any questions or providing additional information on our various sponsor levels, please email the Board at board@hpsug.org at your earliest convenience. In addition, we invite you to visit our conference website at <https://www.hpsug.org> for conference registration, sponsorship details, and hotel information as it becomes available.

Your support and early response are greatly appreciated. We look forward to working with you.

Sincerely,

Annamarie Castello
